From the rolling hills of Chiang Mai to the perfect cup along Wireless Road... The pristine elevation and mild climate of the north provide the perfect conditions for Arabica coffee beans, first cultivated in this area in 1969 following the establishment of The Royal Project by the late King Bhumibol Adulyadej.

Grown at an altitude of 1,696 metres above sea level in Doi Man in Chiang Mai Province, Charu Coffee's Golden Blend is carefully harvested and roasted locally for a unique fruity and complex taste.
